Revenue Cycle & Practice Operations Manager — Remote

Summary

Healthcare operations leader with 8+ years across multi-site clinical practices, spanning revenue cycle, surgical coordination, and clinical program management. Built and standardized end-to-end workflows from patient intake through authorization, billing documentation, and surgical scheduling. Progressed from medical assistant to assistant operations manager at a multi-site behavioral health group, covering chief operating officer responsibilities and training every new hire in the organization. BS in Business Administration, 3.95 GPA, completing December 2027.

Core Competencies

Revenue Cycle Operations · Insurance Verification & Prior Authorization · Surgical Coordination · Denial Prevention & Documentation Integrity · Multi-Site Practice Operations · SOP Development & Rollout · Staff Training & Onboarding · EHR/EMR Workflow Design (Athena) · HIPAA/PHI Compliance · Regulated Program Administration (Spravato REMS, TMS) · Remote Team Operations

Professional Experience

TRED Foot & Ankle Care — New York, NY (Remote)

Surgical Coordinator | March 2026 – Present

- Own end-to-end surgical scheduling for a two-surgeon podiatric practice, coordinating across hospitals, ambulatory surgery centers, patients, and referring providers
- Run insurance verification and prior authorization on 100+ surgical cases annually, securing approvals ahead of booking to prevent denials and day-of cancellations
- Manage surgical clearance tracking, pre-operative testing coordination, and documentation completeness across multiple facilities
- Serve as the primary patient communication point from surgical consultation through post-operative follow-up
- Built internal workflow tools that standardized booking-sheet preparation, clearance window calculation, and patient correspondence, reducing manual preparation time per case

Horizon Behavioral Health — Savannah, Hinesville & Rincon, GA

Assistant Operations Manager (promoted from Medical Assistant and Office Manager) | October 2020 – July 2026

- Covered chief operating officer responsibilities during owner absences, with authority over staffing, cross-site operations, and escalated decisions
- Managed daily operations across three clinical sites, including staffing coordination, patient flow, scheduling systems, and documentation workflows
- Built and ran the practice's Spravato (esketamine) and TMS programs serving approximately 90 patients across three sites — 70 Spravato and 21 concurrent TMS — managing medication ordering and inventory under REMS requirements, administering treatments, coordinating provider schedules, and maintaining compliance documentation
- Trained every new employee in the organization across clinical and administrative roles, and authored the SOPs used for onboarding
- Designed standardized workflows from intake through clinical support and revenue cycle documentation, improving consistency and reducing rework
- Maintained HIPAA/PHI safeguards and supported audit readiness through documentation standards and operational monitoring
- Transitioned to remote operations support during an out-of-state relocation while retaining ownership of critical workflows

Coastal Urology — Wilmington, NC

Surgical Coordinator & Clinical OR Liaison | December 2019 – August 2020

- Coordinated surgical scheduling, pre-operative testing, and compliance documentation
- Served as liaison between clinics, hospitals, and operating room teams

Valley Cardiology — Fayetteville, NC

Front Desk Manager & Backup Medical Assistant | 2015 – 2016

- Managed high-volume patient intake, referrals, insurance verification, and clinical documentation

Education

Bachelor of Science, Business Administration — Industrial-Organizational Psychology concentration · Southern New Hampshire University · Expected December 2027 · GPA 3.95 · President's List
